1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mark Britton on 11/8/06.

The application has been amended as follows:

In the claims:

In claim 6, line 2, "3" has been changed to --1--.

In the title:

The title has been changed to --Method of Manufacturing a Plastic Laminate Body--.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance: the prior art of record does not teach or fairly suggest a method of making a laminate comprising a honeycomb structure and a plastic layer wherein the honeycomb includes a layer covering the cell openings (such as a layer perpendicular to the cell openings) which has a thin wall part and a thick wall part such that when the pieces are pressed together in a

mold, excess material in the plastic layer moves(flows) into the thin wall portion deforming it.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
